AMERICANS GET GERMAN OFFICERS AND TWENTY MEN

Also Take In Machine Gun, No Casualties Are Reported In The Raid

BOCHE ARTILLERY GETS RANGE OF VILLAGE

Men Rushed to Front In Motor Trucks to Hold Attacking Germans

By Fred S. Ferguson
With the American Army in France, Feb. 24.—(Delayed)—American troops, in a raiding party with the French on the Chemin Des Dames sector Saturday captured two German officers, 20 men and one machine gun. There were no American casualties.

The news quickly spread along the American front and developed a keen competitive spirit among the men. The boche artillery got the range of a village late Saturday afternoon and shelled it vigorously.

Telephone service between the trenches and the rear-most positions was suspended for a time today and the Americans only succeeded in an effort to get a message back as quickly as possible, under the most difficult conditions.

Men in other points were rushed to the front in motor trucks, where they were mobilized to repel an attack. The maneuver was executed in the most approved manner.

Brick artillery engagements continue, the American guns holding their own despite superior enemy observation facilities. Two days rain has resulted in knee deep mud along the whole front.

London, Feb. 25.—A hostile raiding party was repulsed with some enemy losses east of Arras early today, Field Marshal Haig reported. Enemy artillery showed some activity in the Messines sector and southwest of Cambrai.

RUSSIA MADE HELPLESS BY GERMAN TERMS

Acceptance Cuts Off Vast Piece Of Territory and Baltic Ports

LONDON SEES ONLY TREACHERY IN MOVE

Full meaning of Situation Is Not Yet Fully Comprehended By Allies

By Ed. L. Keen
London, Feb. 25.—Russia's acceptance of Germany's peace terms changes the face of Europe.

It cuts from Russia 381,000 square miles of territory, 50,000,000 population and shoves her back from the Baltic, leaving her helpless and impotent in Germany's power, economically and physically.

The morning press today had not yet time to comprehend the full meaning of the situation. The headlines contained such words as "tragic, dismembered, humiliating, impotent."

The Post says there is "no other hypothesis but treachery."
"She is disarmed and helpless," says the Chronicle.

RED CROSS LINER WRECKED ON ROCKS

St. Johns, N. F., Feb. 25.—Twenty-seven persons were rescued from the wrecked Red Cross liner Florizel this morning. There are 17 more alive aboard the steamer, which is pounding on a ledge at Broad Cove, where she ran on the rocks early Sunday morning.

The offices of the line stated today there were 136 persons aboard the Florizel. Of these 77 were passengers. Reports that 44 were known to be alive would leave a death list of 92, provided no others are found.

Seven bodies have been washed ashore from the wrecked vessel. Of these some have been identified. Captain Joe Keen, a son of Captain Abram Keen, noted seal killer, is among them. Edward Froude, well known business man is another. The unidentified body was one of the first to reach shore.

Treachery aboard the ship is believed to have sent her smashing on the rocks of Broad Cove.

What The Red Cross Is Doing in Ypsilanti

Through the generosity of Mrs. Edward C. Cornwell, the local Red Cross branch has a fine new cupboard in which to keep its finished articles before shipment.

The local branch is under great obligations to Joseph Thompson, who has placed his Dodge Service at its disposal. It is being used extensively in the distribution and collection of the work given out to the various churches.

Each of the seven church societies which were asked to do work for the Red Cross, has responded most enthusiastically and each is now busy making hospital garments.

On a recent Wednesday afternoon, besides the chairman of the department and the person in charge for the day, there was only one worker in the surgical dressing department.

The various organizations of the city which have voted attendance on specified days, have none of them had very large attendance at the local rooms. We hope soon to see a large number from each of these several organizations.

The following shipment was made Feb. 15: 40 pajamas, 35 hospital

GERMAN AGENTS MAKING TROUBLE NOW IN SPAIN

Determined Effort Reported Launched to Bring About An Uprising

KAISER RECOGNIZES DANGER TO ALLIES

Move Follows Unsuccessful Effort For Revolution In India and Ireland

By Robert J. Bender
Washington, Feb. 25.—Germany has launched a determined effort to bring about an uprising in Spain and if possible swing Alfonso's army to the side of the Feintons.

With Russia's army eliminated from his own back door, the kaiser would like nothing better than to create a dangerous situation at the rear of the allied forces in France.

Recently the United Press presented an authoritative review of the Spanish situation—its difficulties and serious aspects—and today the American military authorities have permitted the printing of an open propaganda letter now being distributed in the Spanish army by the Germans. In addition, German agents are throwing all the insidious poison of their influence to create a break between the Germanophile Spanish army and the Spanish merchants who have a wholesome respect for the American embargo.

The new German move follows her unsuccessful efforts to bring about a revolution in India and Ireland, earlier in the war, added details of which came to light today. They further indicate the methods the German agents may be using to gain her ends in Spain.

The justice department has made public two letters showing that Alexander Berkman and Emma Goldman "were apparently co-operating with German spies in foreign countries" to stir up rebellion in India.

CAPITAL AND LABOR TRY TO GET TOGETHER

Effort is Made to Bring About National Industrial Policy During War

MEETING IS HELD IN WASHINGTON TODAY

Representatives of Labor Meet With Secy. Wilson to Form Basic Principles

Washington, Feb. 25.—Capital and labor today began efforts to bring about a national industrial policy for the duration of the war.

At 10 o'clock this morning in the office of Secretary of Labor Wilson, five representatives each of the work and their employers approached the difficult task of formulating the basic principles to govern each toward the other until peace is declared.

The interests of the people are represented by two additional members of the conference selected by the others. There were protests from the Socialists who had no representatives but it was held these workers would be properly taken care of under the general agreement reached.

The need of a national policy toward labor has long been advocated to improve the workers' spirit in the war and increase to maximum the efficiency and production of the men. The causes for general unrest among the workers have been outlined to the United Press as follows:

Absence of a stable and standard wage.

Too much profiteering by war industries and retailers.

Absence of "idleness and insurance"—assured wages for workers forced to idleness by lack of supplies, etc.

The open and closed shops, wages and hours must also be thrashed out under the general program to be agreed upon.

Other questions to be brought before the conference in the order of their relative importance are:

Strikes and lockouts; piecework and price fixing methods; methods eliminating improper restrictions on the output of war materials regardless of cause; practice to govern distribution of labor; admission of union agents to plants; methods of promptly adjusting disputes at their sources through boards containing equal representation of employers and employees; right of workers to organize.

The proposition to adjust all strikes at their sources through equal representation of the opposing sides is broached as a means of ending all strikes at their inception and making the United States a "strikeless country."

On the results of the conferences may hinge to a great extent the fate of the United States in the war. The men who will decide the questions are:

For the national industrial conference board: Loyall A. Osborn, New York City; B. L. Warden, New York City; W. H. Vandervoort, East Moline, Ill.; W. F. Loree, New York; C. Edwin Michael, Roanoke, Va.

For the American Federation of Labor:

Frank J. Hays, Indianapolis; William L. Hutchison, Indianapolis; J. A. Franklin, Kansas City, Kas.; Victor Olander, Chicago; T. A. Rickert, Chicago.

DRIVE ON WEST BY WAR PARTY IS A FAILURE

Stupendous Drive Found to Have Fallen Far Short of Purpose Desired

HOPED TO CREATE STATE OF TERROR

British Staff Looks For Stiff Fight From Germans, But Say They Can't Win

By William Philip Simms
With the British Armies in the Field, Feb. 25.—German war party propagandists have bungled the job and over-cooked the pudding.

A careful study of today's situation on the west front reveals the most stupendous propaganda drive the Prussians have ever attempted, and for the biggest stakes, is a total failure.

Despite utilization of every method to create a state of terror among troops and civilians, to increase the tension and prolong the nerve strain before the offensive, their methods have resulted in a fiasco. Troops and civilians are chucking over the "hobgoblin."

The British staff expects the Germans will put up a stiff fight, but receive a drubbing. Indications are that the German troops themselves are gradually acquiring a cold sweat. Some prisoners admit they do not believe the Prussian plans will succeed, although they will make mince meat of their own troops.

French civilians openly doubt an offensive will be launched, asking: "Why so much hullabaloo." The soldiers shrug their shoulders saying: "Let it come."

Confirming reports of food conditions in Germany, prisoners say that not only civilians and non-combatants but line troops not actually slated for the push are now on reduced rations.

A CLEAR COMPLEXION
Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backache or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, indigestion, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

LEICESTER R. BROWN

Leicester R. Brown, an old time resident in and around Ypsilanti, father of Attorney Lee N. Brown, of this city, passed away at the age of 91 years at the home of his daughter, Mrs. Flora Royce, at Stowe, Vermont, February 13, and his funeral took place at Stowe on Friday, February 15.

He was the eldest son of N. J. and Lydia Brown, was born in Oswego, N. Y., and came to Michigan with his parents when nine years old. His parents traveled from New York to Michigan, not by steam cars but by team and wagon, making the trip in 11 days, and landing on the farm known as the Prince Bennett farm, where once stood the old cheese factory.

In 1837 his father bought the farm known as Locust Grove and the son helped the father to make a home here. This farm was still owned by Leicester Brown at his death. The old deed in parchment and signed by Andrew Jackson, president, is still in possession of the family.

When a young man he became a member of the M. E. church and was through life very much interested in Sunday School work. He will be remembered by older residents around Willis for his work as superintendent of the Sunday school for many years.

With his three sisters he went to Washington, Ky., in 1854, and established and conducted a female boarding school, which proved very much of a success. Both he and his father belonged to Phoenix Masonic lodge in Ypsilanti, and on going to Kentucky he joined the Macons there and for a number of years was master of his lodge. He was postmaster in his Kentucky town and also Justice of the peace. At the opening of the Civil War he left Kentucky and returned to the old home farm, his father having died. Here he made a home for his mother.

May 6, 1863, he was married to Francis Hilton, who died March 27, 1891. Attorney Lee N. Brown of Ypsilanti and Mrs. Flora Royce are the surviving children of this marriage. Two sisters, Mrs. Emma Williams, and Mrs. Myrtilla King of Willis, also survive him.

While living on the old farm he was state organizer for the Patrons of Husbandry. He ran for congress on the Greeley ticket but was defeated. Later he was elected county superintendent of schools which office he held for six years. He published The Moderator, the first educational paper in Wayne county. He was a lifelong reader and student of public affairs. He was Democratic in his political belief, and cast his first presidential vote for General Lewis Cass of Michigan.

After leaving the farm he moved with his children to Ypsilanti, where he lived a retired life. In his nineteenth year he personally cared for a fine garden at his daughter's home in Vermont and his vegetables and berries were a great joy to him.

OCCIDENTALS WIN COUNTY CHAMPIONSHIP

IN MOST EXCITING CONEST OF SERIES YPSILANTI DEFEATS ANN ARBOR; NINE GAMES IN TWELVE GO TO LOCALS

In the final series of games for the county bowling championship rolled in Ann Arbor Friday evening between a picked team of stars from that city and the Occidentals of Ypsilanti Ann Arbor failed to overcome the lead of 284 pins which the Occidentals had secured in the previous games and, although topping the home boys by 94 pins in the final match, Ypsilanti still had 190 pins to the good when the smoke cleared.

Ann Arbor started strong, winning the first game by 119 pins, but the Occidentals hit their stride in the second and third, taking both by a small margin.

Baldridge and Harner did the heavy work for Ypsilanti, each hitting better than 200 in the final game.

Twelve games in all have been rolled between these teams and Ypsilanti has taken twelve, winning six on their own drives and three at Ann Arbor.

A great deal of interest has been taken in this match in both cities, a number of fans going with the team from here, while all available space was filled with Ann Arbor supporters.

Take "wear" out of washday

Mere washing doesn't wear out clothes. It's the boiling and hard rubbing that weakens and wears them out before their time.

Use Fels-Naptha soap. It's thrifty economy. Boiling and hard rubbing are unnecessary. You save the clothes, you save time, you save yourself.

Wash the Fels-Naptha way for a month and prove it!

At your own grocer's.

Keeps white clothes white.
